### 1.General Information

PLEASE READ THE ENTIRE CONTRACT BEFORE ORDERING TIRES-

Each group listed in the contract contains the contractor's full line of tires for that specific group. Furthermore, it should be mentioned that the most commonly used tires should be available locally thereby reducing inventory and storage needs.

The using agency is to notify the contractor promptly regarding any claims for unsatisfactory performance or tire failures which appear to be caused from defective materials or workmanship. If satisfactory adjustment cannot be obtained from the contractor, the Division of Purchase and Contract should be notified.

The Division of Purchase and Contract requests immediate notification in writing of any dissatisfaction or problems encountered. Complaint to vendor form <http://www.pandc.nc.gov/documents/vendcom.doc>

The proper choice is very important for safety, performance, and tread life. Be sure to contact the contractor(s) or dealers so that you select the right tire for your particular application, whether it be highway, on or off the road, mud and snow, etc., as well as the right tread design. One of the provisions of this contract is for the successful bidder to provide technical advice. Please make use of this if you have any questions. Names, addresses, and phone numbers are shown herein.

Since some categories are dual award, before ordering tires, agencies should consider at a minimum; application of tires, tire size (including tread depth) availability, prices, delivery and service locations.

### 2.Scope of Contract

The scope of this contract is limited to tires for Pursuit, Passenger, Radial Light Duty Trucks, Commercial Radial Light Trucks, Commercial Medium Radial Truck, Off-road Radial and Commercial Medium Radial Truck-Low Platform Trailer Tires. **NOTE: Tractor tires are not covered under this contract. Follow established purchasing policies and procedures for obtaining these type tires.**

This contract is for use by all state agencies, departments, institutions, universities, community colleges (except those exempted by statute), and certain non-state agencies. This contract has provisions for delivery of tires to the ordering agency location and/or the ordering agency may take vehicle to an authorized participating contract dealer for tire dismounting and mounting of new tire(s). Ordering agencies must use this contract for delivery of tires and for taking vehicle(s) to an authorized participating contract dealer within 15 miles from agency location. The contractor must honor contract pricing whether tires are delivered and/or if an ordering agency takes the vehicle to the authorized participating contract dealer regardless of mileage from user location. Where a vehicle manufacturer recommends a different brand/mfr than the one(s) listed in this contract the ordering agency will decide if they are exempt from using this contract. Successful vendor(s) shall be required to fill small orders from their stock. Minimum order is one tire. Ordering agencies have the option to take vehicle to an authorized participating contract dealer for dismounting of tire(s) and mounting of new (Monday-Friday during normal business hours, excluding State observed holidays)

## **NON-STATE AGENCIES ELIGIBLE TO PARTICIPATE IN THIS CONTRACT**

In accordance with North Carolina General Statutes, certain non-state entities described below, may participate in this contract on a voluntary basis. Any of the non-state entities that choose to participate in this contract must abide by the terms and conditions that are set forth in this contract.

Nonprofit corporations operating charitable hospitals, local nonprofit community sheltered workshops or centers that meet standards established by the Division of Vocational Rehabilitation of the Department of Health and Human Services, private nonprofit agencies licensed or approved by the Department of Health and Human Services as child placing agencies, residential child-care facilities, private nonprofit rural, community, and migrant health centers designated by the Office of Rural Health and Resource Development, private higher education institutions, counties, public school units, cities, towns, governmental entities, volunteer fire departments, rescue squads, and other subdivisions of the State and public agencies thereof.

Successful contractor will be required upon request by user, at no additional cost, to have qualified representative visit agencies and points of use to advise and assist in the application of good tire maintenance practices. List title, name, address and telephone number of trained service representative(s) who will be responsible for assisting the State in proper tire maintenance practices.

All tires to be of current production and must carry all markings currently required by the federal government at time of shipment, and must be in compliance with all applicable State and Federal regulations.

In addition to bid prices, consideration was given to other pertinent factors, such as, but not limited to, delivery offered, bidder's service capabilities (number of statewide locations for authorized participating contract dealers), compliance with specifications and bid requirements, warranty, breadth of line offered by group, distribution facilities, past performance (bidder and tires), tread depth, and bidder's overall qualifications. The State reserved the right to make a single award (per group or overall) or multiple awards (per group or overall), if it was determined by the State to be in its best interest.

## **PRODUCT RECALL:**

The contractor expressly assumes full responsibility for prompt notification to the ordering agency and the contract administrator of any product recall in accordance with the applicable state or federal regulations.

### **3.Taxes**

Prices or Discounts shown herein do not include any North Carolina sales or use taxes.

### **4.Abnormal Quantities**

For purposes of this Invitation for Bids and any resulting contract award, any agency requirement that exceeds \$ 100,000 must be forwarded to the Division of Purchase and Contract for processing. The Division, at its sole discretion, may process any such requirement in one of the following ways:

- 1) Purchase may be authorized at the current level of pricing with the current contract vendor(s)
- 2) Additional discounts from the current level of pricing may be negotiated with the current contract vendor(s)
- 3) A separate Invitation for Bids may be issued for the requirement

### **5.Minimum Orders**

For this contract is one tire.

### **6.Placement of Orders**

Orders will be placed throughout the contract period on an as-needed basis for the quantity required at the time, and will

## Term Contract No. 863A

be issued directly to the respective designated suppliers.

Contract changes, if any, over the life of the contract are implemented by contract addenda released by the Contract Administrator to the contractor. If the contractor is accepting orders and/or delivering through other parties, for example a manufacturer accepting orders and delivering through a dealer network or dealers receiving orders through a network of other dealers, then it is the responsibility of the contractor to apprise such parties of all such contract addenda.

## 10.Price Lists and Catalogs

The successful contractor must furnish descriptive literature to any agency within three businessdays after request of the agency. Failure to comply with these requirements may subject the contractor to removal from the contract.

## 11.Contractors

All known minority, women and disabled owned businesses, as well as disabled business enterprises and nonprofit work centers for the blind and severely disabled, including dealers, will be identified with "Minority owned" "Woman owned", "Disabled Owned", "DBE" or "BSD" as appropriate after the vendor number. This is being done in an effort to recognize these businesses and to encourage and promote their use to the greatest extent permitted by law.

When more than one supplier is listed for a particular item, selection should be made, whenever possible, from any of the groups identified above, consistent with agency needs and price considerations.
